

SUPRA PHONO 2RCA-SC AUDIO

Phono Stereo Interconnect with earth connection

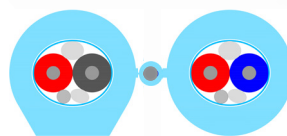

Gauge: 2x3x0.24mm² / AWG 23

Rev.date: 2023-02-16

Customs tariff no: 8544429010

Country of origin: Sweden

- Efficient shielding provides maximum signal integrity
- Suppress RFI interference
- Unbeatable price-performance ratio
- Earth Link efficiently cancels any earth potential hum

Phono Audio RCA-6SC - Interconnect phono/turntable with earth link

Supra Phono cable is a dual channel connection between a turntable, step-up transformer or/and a RIAA phono stage or a receiver with a dedicated phono input, including the Earth Link required for most turntable connections. Supra Phono's low capacitance and thanks to the new carbon/nylon shield, its noise interference immunity, make a dead silent cable suitable also for low output moving coil cartridges. Further the low capacitance allow for best transient response, without damping or slowing down the musical beat. Great dynamics and 3D sound stage experience. Efficient shielding makes a dead silent cable provides maximum signal integrity also for moving coil cartridges & Suppress RFI interference that are highly malignant for the noise floor. Lavish RCA-6SC connectors provides excellent electrical properties, 100% shielding and gentle chuck lock cable strain relief.

CONSTRUCTION

Cable:	SUPRA Phono
Jacket:	PVC GA78, 8-model
Diameter:	6.0mm
Colour:	Iceblue (other colours upon order)
Marking:	SUPRA Phono > Made in Sweden > Meter mark
Screen connection:	Semi-balanced, the screen in only connected at the source end
Plugs:	SUPRA RCA-6SC male & spade for the earth link
- Type:	2 RCA Male > 2 RCA male, red/white
- Material:	24K Gold plated OFC
- Colour:	Anthracite grey
Solder tin:	Almit SR34 Super
Signal direction:	Follow the arrows > Source > Receiver
Packing:	1-4m Blister 25 x 21.5 x 4.8cm & 5-6m Blister 32 x 25 x 6cm

Special length are made upon order, the only additional cost is the meter price per extra meter.
